

HB 401 -- Missouri Advisory Boards and Commission Association

Sponsor: Shumake

This bill establishes the Missouri Advisory Boards and Commissions Association that allows current and former members of advisory boards and commissions and board of curators and regents of four-year state colleges and universities to join together in a formal organization. The purpose of the association is to provide a framework to share observations and insights derived from their participation as board or commission members to study and discuss matters of statewide importance and make recommendations as requested to the General Assembly and the offices of the executive branch of state government. Membership in the association is purely voluntary, and members must serve without compensation.
